RE: Cottonwood Sand Mine Project (PDS2018-MUP-18-023), (PDS2018-RP-18-001); Log NO. PDS2018-ER-18-19-007; SCH#2019100513

To Whom It May Concern:

State your name, that you are a resident in the area, remain adamantly opposed to this project and describe how this new information affects you and your family.

Limit your comments to the new information in the Recirculated Draft Environmental Impact Report. Access RDEIR at: <https://www.sandiegocounty.gov/pds/ceqa/MUP-18-023.html>

Revised Project Description includes importing backfill material, adding an additional 58 truck trips per day and a second conveyor.

Traffic will increase by 58 truck trips per day. Need updated traffic study.

Biological Resources

Noise: A second conveyor will be used to transport backfill material and the mining operation noise is significant.

Revised Stormwater Quality Management Plan is generic and lacks specificity.

Print and Sign your Name

Note: County Staff admits that “Together, the Draft EIR and Recirculated Draft EIR identify significant environmental impacts to the following environmental factors: Aesthetics; Biological Resources; Cultural Resources; Noise; Paleontological Resources, and Tribal Cultural Resources. Impacts to Aesthetics, even with mitigation measures, would remain significant and unavoidable”.
